## Over 200 Attend 'Red Carpet' Promotional Banquet Last Night

Over 200 Murray businessmen and salespeople were in attendance last night as the Murray Ledger & Times sponsored "Red Carpet-Shop in Murray" promotional campaign got underway with a banquet and sales lecture for participating merchants and their sales personnel.

Walter Apperson, publisher of the

## Annual Poppy Sale Set For Weekend Here

"It's just a little red paper flower to you. Smiling women hold it aloft each year as they will Friday and Saturday, May 23 and 24. It's Poppy Day once more."

"Buy a poppy, Sir?" they ask. "Buy a poppy Miss? To you just another annoyance on the way to lunch or on the way to shop, but to a few hundred veterans around the country who make these flowers, they mean spending money, escape from dreadful boredom, exercise for crippled and arthritic hands."

The American Legion Auxiliary of Post 73 Murray will sell poppies Friday and Saturday, May 23 and 24. All the monies from the sale of these is used for rehabilitation of veterans and their families according to Mrs. Mary Sykes, president of the local unit. The American Legion Auxiliary throughout the nation hopes to sell 14.5 million of these this weekend.

Post 73 will again this year as in the past observe Memorial Day by visiting the graves of deceased members and placing a flag on their grave. Several members will gather at the Legion home Monday morning after they return from visiting the graves in the many cemeteries of the county for a country ham breakfast which will be prepared by Auxiliary members.

A flag will be placed on each grave marker as in the past and members of the families will be asked to remove them that evening. In the event some member of the family can not, please contact J. R. Jones 753-7288, Cleo Sykes 753-3657 or Roy Folsom 753-8857 and arrangements will be made to take them in.

## Parents Asked To Select Council

Parents of students attending Carter Elementary School and the Murray Middle School have been asked to select an advisory council for the federally funded Title I Reading Program, according to Margaret Franklin, supervisor of instruction for the Murray Public Schools.

A slate of candidates willing to serve in this capacity has been nominated by the present advisory council. A letter of explanation and the ballot will be sent home by the students and parents are asked to return the ballot no later than Wednesday, May 28, Mrs. Franklin said.

## Partly Cloudy

Partly cloudy and warm, with a chance of scattered thundershowers tonight and Thursday. Lows tonight around 70. Highs Thursday in the mid to upper 80s.

Murray Ledger & Times, welcomed the representatives of the 59 participating businesses and introduced Bill Leigh, the speaker for the event.

Leigh told those present of the importance of the sales person to the overall economic stability of the community in his lively hour-long talk following the banquet at Seven Seas restaurant.

"You can make or break the city," Leigh said to the sales personnel. He said sales people should conduct themselves in a professional manner at all times and be an authority on the product which they are selling.

Leigh is president of William A. Leigh Associates, a widely active promotional firm based in Oklahoma City and last night's banquet signaled the start of a ten week promotional campaign which will begin Tuesday, May 27, in the Murray Ledger & Times.

Directing the bulk of his remarks to the sales personnel present, Leigh told them "Murray's future as a shopping center is in your hands," and termed them the most important link in merchandising.

"The newspaper can attract shoppers to the community," he said, "but it is up to you merchants and store owners to sell them in your places of business."

"Whether you are in soft goods, furniture, hardware, a flower shop, you

should take pride in your ability as an expert in your particular line," Leigh told the group. "and treat each transaction as though your career depended on its outcome."

A highlight of Leigh's talk was a discussion of the "ten customers who require special handling." His list included: the chisler, egotist, tough guy, moody type, silent type, gripe artist, indecisive type, the "uh-huh" type and the browser.

The advertising campaign beginning Tuesday will include individual merchandising ads from each of the 59 participating merchants as well as feature stories and pictures on the individual stores.

## Council Faces Short Agenda

Only two items of new business are scheduled for the regular meeting of the Murray City Council at 7:30 p.m. Thursday evening.

The agenda includes the presentation of a study on proposed central billing for city utility services and consideration of a resolution concerning the area crime council.

SAFETY PROGRAM PRESENTED — "Mr. McFeely" presented safety programs for elementary school students at Carter, Robertson and University School here yesterday. Sponsored by the Murray Police Department and the National Child Safety Council, the program used magic and comedy to teach valuable child safety principles to children, especially during the summer months to come. With "Mr. McFeely" are Patrolman Jerry Carter of the police department and Tim Brown, a fourth-grader at Carter and the son of Dr. and Mrs. Elwood Brown.

## Local Voters Face Huge Field In Tuesday Primary

Local voters will face a maze of candidates and offices as they go to the polls next Tuesday to select nominees in a number of state and local races in the May Democratic Primary.

In addition to the 13 state offices, city and county voters will decide the Circuit Court Clerk's race here, and city voters will choose a new slate of 12 city council members for two-year terms.

In the crowded Circuit Clerk's race, Earl Tabers, Dwane Jones, T. C. Collie, Bobby Nanne, Joe Crass and Frances Shea will seek office.

Candidates for Murray City Council from Ward A, north of Main Street, are Ruby Hale, Loyd Arnold, Ed Chrisman, Art Lee, Billy Balentine, Phillip Tibbs, Dave Willis, and Buel Stalls.

Candidates for Council from Ward B, south of Main, are Melvin Henley, Woodrow Rickman, Roy Harmon, William Furches, Charlie McKenney, Jerry Smith, Tom Perkins, Howard Koenen, Gary Haverstock, Jerry Henry, Carl Miller, C. C. Lowry, Tom Rushing and Corky Harrison.

Regional races include state senator and representative, and commonwealth's attorney.

Richard Weisenberger, of Mayfield, Harry Sparks and Ronnie Jackson, both of Calloway County, seek the nomination for state senator, and face no Republican

opposition in November.

Kenneth Imes and Edward Overbey, both of Calloway County will vie for the state representative's post in the General Assembly, and also face no GOP opposition in November.

Ron Christopher of Murray and Paul Shapiro of Benton are the only candidates for commonwealth attorney for the 42nd Judicial District in the May Democratic Primary.

Statewide offices include Governor, Lieutenant Governor, Secretary of State, Attorney General, Public Auditor, State Treasurer, Superintendent of Public Instruction, Commissioner of Agriculture, Clerk of the Court of Appeals, and Railroad Commissioner.

Four Republican candidates appear on the ballot in the race for the Governor's mansion. Elmer Begley, Jr., Tommy Klein, Robert Gable, and Granville Thomas seek the GOP nomination.

The winner of that nomination will meet the winner of the Democratic nomination, from a field of Julian Carroll, Todd

Hollenbach, Mary Louise Foust, and Robert Johnson.

The crowded race for Lt. Gov. includes Republicans Bob Bersky, and Shirley Palmer-Ball; Democrats are Ronald Butler, Ewart Johnson, Charles Sweeney, James Day, Wayne Rutherford, Thomas Ward, Louis Grace, Thelma Stovall, Lyle Willis, Ed Hancock, and Bill Sullivan.

For Secretary of State, the Democratic candidates are Ray Adkins, Drexell Davis, J. P. Sullivan, Thelma Conway, and Charles Harris.

Attorney General candidates are Jimmy Robinson, Robert Stephens, Tony Wilhoit, Arthur Samuel, and David Van Horn.

Auditor of Public Accounts candidates are George Atkins, Robert J. Damron, Landon Whitaker, Harvey Brazin, and George Kendall.

Candidates for State Treasurer are Ed Dawhare, Frances Mills, and Paul Patterson.

Candidates for Superintendent of Public Instruction include Jerry Alleyne, Joshua (See Primary, Page 16)

## Local Economy Is Beginning Rebound

The Executive Secretary's Report of the Murray Chamber of Commerce shows several signs that the local economy is beginning to rebound.

Fisher-Price has recalled 59 production workers on May 19 and 27 more will report back on June 2.

The local Tappan plant has also recalled 77 production workers previously laid off.

At the height of the unemployment rate, nearly 1,300 persons were unemployed locally, but the two call-backs and the upturn of the auto-reconditioning is predicted to lower the figures.

The low bid on the construction of the new building for Sager Grove Co. is being renegotiated to bring it in line with Sager's budget proposal. The apparent low bidder at this time is Mid-States Con-

struction Co. of Paducah at \$409,000, which will be scaled down by eliminating some of the plant's floor plan, without reducing its effectiveness.

Construction of the Big John's Grocery on South 12th Street is expected to begin in June. The 21,500 square foot building will be the largest grocery in Calloway County.

Also expected is the enlarging by one-third of Storey's Food Giant, located in the Bel-Air Shopping Center.

## Commission Sets Date For Hearing

The Murray Planning Commission has set a date for a public hearing on a request from a local realtor for a zoning change.

Tripp Williams, of Murray, asked the commission at its regular meeting Tuesday to change the zoning on a strip of land on North 12th Street, from Sharpe to Payne Street. The strip is on the east side of 12th, and is 200 feet deep.

The request is to change the zoning of the area from residential to one that would allow professional offices in the area.

A public hearing has been set for the next meeting of the commission, scheduled for June 17.

## Crime Prevention Plan Instituted By Local FOP

A new crime-prevention program has been announced by the local Fraternal Order of Police to help prevent home burglaries, according to Van Allen, chairman of the committee in charge.

Allen said this morning that the program calls for engraving an identification number on all major items in the homes of those participating.

The number, which will be different for each homeowner, will be placed on file with the local police department, to facilitate the identification and return of confiscated stolen merchandise.

There will be a fee of \$2 per home to mark with an engraver the identification

number on all major items in the home. All funds will be used to buy materials for the program, and participating homeowners will receive a sticker with the wording "This home and items inside have been marked with an identification number and is recorded at the police department," Allen said.

Interested persons should write to William Van Allen, chairman, Crime Prevention Identification Committee, Fraternal Order of Police, Lodge No. 23, City Hall Building, Murray.

Allen said this morning that the number of responses to the plan will dictate whether or not it is implemented.

## New Round Of Rate Hikes By TVA Loom On Horizon

KNOXVILLE (AP)—Prospects for a new round of rate increases are looming as the Tennessee Valley Authority announced the renegotiation of 80 million tons of coal price contracts at double the former price.

Normal term contract expirations, and the triggering of cost of living cancellation clauses, forced the TVA to renegotiate the contracts, a spokesman said Tuesday.

Most of the coal was priced at between \$6 and \$10 a ton, the spokesman estimated. The prevailing price range of the greatly extended contracts will range from \$15 to \$20 per ton, he added.

He also disclosed that TVA coal procurement officials already have begun fresh talks with the Peabody Coal Co, the agency's largest coal supplier.

TVA's board of directors is hoping to buy the coal company—the world's largest—from the Kennecott Copper Co.

"If the increase in prices sounds high, it is well to recall that we were forced to pay \$28.50 a ton for about two million tons that TVA was buying at \$8.50 a ton last August," the spokesman said.

Most TVA contracts for coal, that are as much as 10 years old, contain clauses that permit suppliers to cancel existing contracts when living costs rise more than 50 per cent above what they were at the beginning of the contract.

The first of these cancellations, by Webster County Mining Co. last August, came in the middle of the highest rise in coal prices in history. The spiral was in anticipation of the miners' strike that came in November.

"We were in an exposed position ahead of the strike and deliveries were way down, so we were forced to renegotiate and pay nearly four times what we had been paying," a TVA official said.

He added that coal prices have eased off since the strike and suggested that the renegotiated prices, although up 100 per cent, were better than anybody might have expected five or six months ago.

There were nine contracts renegotiated since January and these included six different coal mining companies. Four of the six coal companies happen to be owned by

oil or gas companies, which are now making an effort to get coal prices up to levels comparable with the two other fuels.

Three of the renegotiated contracts were with Island Creek Coal Co., owned by Occidental Petroleum Co. Other suppliers included Old Ben Coal Co., owned by Standard Oil of Ohio; Zeigler Coal Co., owned by Houston Natural Gas Corp.; Pittsburgh and Midway, owned by Gulf Oil Corp.; Ammax Inc., a minerals conglomerate, and Brown and Badget, an independent operator.

## Colson-Payne Vows Read

Mr. and Mrs. Stephen James Payne

In a setting of simplicity and beauty, Miss Cynthia Gay Colson, daughter of Mr. and Mrs. Cletus Colson, and Stephen James Payne, son of Mr. and Mrs. James Payne, were married on Sunday, April 27, at the First Christian Church.

Bro. John Dale officiated at the candlelight ceremony read as the couple stood in front of the arch brass 15 branch candelabra decorated with leatherleaf and dogwood blossoms. On either side were palms and two brass spiral candelabra, also entwined with dogwood blossoms. Each of the eleven windows had a single lighted candle surrounded with dogwood blossoms and smilax. The family pews were marked with vases of dogwood and leatherleaf with apricot bows.

A program of nuptial music was presented by Gary Galloway, organist, and Gus Robertson, Jr., soloist.

Presiding at the guest register table was Miss Jan, Purdom who wore a green summer print floor length dress with a corsage of multicolored margarite daisies, gypsophelia, and star flowers. The table was covered with an apricot colored cloth overlaid with a lace cloth, handmade by the bride's grandmother, Mrs. Joe Colson. A silver bud vase holding a single sonia rose, baby's breath, and leatherleaf adorned the register table.

**Bride's Dress**  
 The bride, escorted to the altar by her father and given in marriage by her parents, was lovely in a floor length A-line gown of candlelight silk organza over candlelight delustered satin extending into a large chapel length train. Re-embroidered Alencon lace medallions with pearl and pearl clusters formed the scalloped scooped neckline and completely molded the modified empire bodice. The pearl covered lace medallions extended down the sheer slim sleeves forming a pearled lace pointed cuff. The same pearl encrusted lace medallions were scattered over the skirt and

formed a wide scalloped hemline curving around the bottom of the skirt.

Her four tiered cathedral length veil of illusion was attached to a camelot headpiece also covered with the same pearl encrusted lace medallions. The gown and headpiece were designed by the bride and fashioned by her mother.

Her only jewelry was a diamond pendant, gift of the groom, and tiny pearl and diamond earrings borrowed from her mother. She also wore the traditional six-pence in her shoe as a good luck charm. She carried a large round shaped bridal bouquet of lilies of the valley, sonia rose buds, stephanotis, white fuji pom pom mums, and gypsophelia with long loops of pearl strands and ivory satin ribbon tied in love knots.

Mrs. Terry Hart, matron of honor, was attired in an apricot chiffon dress with a double cape effect from the v-neckline forming the short sleeves. A flared ruffle extended from the empire waistline down the side front of the skirt forming a flared flounce around the hemline. To complete her attire, she wore an apricot colored picture hat draped with apricot illusion.

The bridesmaids were Mrs. Mitch Ward, cousin of the bride, Mrs. Ron Burnett, sister of the groom, Miss Susan Johnson, and Miss Darreen Billingham, who all were attired identical to the matron of honor.

Each of the attendants carried a round shaped hand bouquet of sonia roses, yellow fuji mums, apricot carnations, white margarite daisies, and white pom. pom chrysanthemums with a bow of apricot color.

Little Miss Sherrie Burnett, niece of the groom, served as the flower girl. She wore an apricot floor length dress with apricot dotted organza pinafore with the shoulders and bottom ruffles edged in natural lace. She wore a cluster of white daisies, gypsophelia, and ivory ribbon in streamers in the back of her hair. She dropped rose petals from a small natural split palm leaf basket with yellow and white margarite daisies and apricot bow and streamers.

The groom wore a white tuxedo with white shirt and tie. His boutonniere was a sonia rose and gypsophelia.

Gary Taylor was best man for the groom. Tom Colson, brother of the bride, and Ron Burnett, brother-in-law of the groom, lighted the candles and also served as ushers along with the other groomsmen who were Pete Roney, Terry Hart, and Kevin Colson, brother of the bride. The groomsmen all wore black tuxedos and white carnation with gypsophelia boutonnières.

For her daughter's wedding, Mrs. Colson chose a floor length

mint green dress and matching accessories. The groom's mother wore a pale yellow ensemble with matching accessories. Each had a corsage of gardenias and satin pico ribbon. Mrs. Ogle Greenfield, grandmother of the groom, wore a pale pink jacket dress with a white carnation corsage.

**Reception**  
 Immediately following the ceremony, a reception was held at the Murray Woman's Club House which was decorated throughout with magnolia and dogwood blossoms and burning candles.

The bride's table was covered with a satin cloth and overlaid with apricot colored tulle which was caught at the corners and center front with apricot satin bows and streamers centered with dogwood blossoms and leatherleaf.

Centering the reception table was an arrangement of sonia roses, white fuji mums, yellow margarite daisies, and gypsophelia flanked by three branched silver candelabra with white burning tapers.

The three tiered wedding cake, separated by columns and topped with a cluster of satin and pearl wedding bells, was served from one end of the table while at the other end apricot punch was served from a silver punch bowl. Nuts and apricot colored mints were also served from silver containers.

Hostesses serving were Miss Jan Purdom, Miss Linda Wren, Mrs. Johnny Rayburn, Mrs. Sonya Wilson, aunt of the groom, Mrs. J. R. Story, and Mrs. Jack Johnson, who each wore a corsage of yellow and white margarite daisies, gypsophelia, and various colored star flowers with rainbow satin ribbon.

Miss Sharon McCuiston, cousin of the bride, passed out rice bags tied with a satin ribbon and silver wedding band.

The wedding couple left for their wedding trip with the bride wearing a two piece pale blue and peach jersey suit with matching scarf and a sonia rose from her bouquet.

Mr. and Mrs. Payne are now at home in San Antonio, Texas, where he is serving as a lieutenant in the Medical Corps of the U. S. Army.

Out of town guests included Mr. and Mrs. O. C. O'Kell, Glendale, Calif., Miss Allegra Jones, Paducah, Mrs. Phillip Harrell, Jana and Phyllis Harrell, and Miss Kathy Cox, Hopkinsville, Mrs. Glenn Pace, Boston, Mass., Mr. and Mrs. Derrell Wilson, Mike and Lisa, Paris, Tenn., Jerry D. Adams, Houston, Texas, Miss Doreen Billingham and Tom Colson, Colorado Springs, Colo., Mrs. James Burton and Miss Kay Burton, Memphis, Tenn.

**Rehearsal Dinner**  
 Mr. and Mrs. James Payne were hosts for the rehearsal dinner held at the Triangle Inn on Saturday, April 26.

Centering the main table was an arrangement of sonia roses, yellow margarite daisies, and white fuji mums. At intervals up and down the tables were burning candles surrounded by white margarite daisies, leatherleaf and baby's breath. Apricot colored ceramic wedding bells were used as placecards for the guests who included the wedding party and out of town guests.

The bridal couple presented gifts to their attendants.

## BIRTHS

**GIBSON BOY**  
 Mr. and Mrs. James Gibson, 1500 Henry Street, Murray, are the parents of a baby boy, Trent Brandon, weighing seven pounds four ounces, born on Tuesday, April 22, at 8:41 p.m. at the Murray-Calloway County Hospital.

They have another son, Eric, age 3½. The father is employed as claims adjuster for Kentucky Farm Bureau Insurance.

Grandparents are Mr. and Mrs. Alfred Gibson of Trenton, Tenn., and Mr. and Mrs. James Brandon of Murray Route Two.

**Before the Rye**  
 Corned beef sandwiches on rye bread are popular, but what gives the beef this flavor? The term "corned beef" generally implies a beef brisket that has been cured in a processing solution called "pickle". Sometimes pieces of round, chuck or plate, as well as the brisket, are "corned", a term that comes from an earlier method of processing in which the beef was cured by sprinkling with coarse grains of salt called corns.

New officers of the Murray Sub-District United Methodist Youth Fellowship to be installed at the meeting on Thursday, May 22, at seven p.m. at the Dexter-Hardin Church are, left to right, front row, Cindy Rogers, treasurer, Barbara Pierce, publicity, Terri Erwin, vice-president, top row, Teresa Turley, secretary, Kathie Broach, president. They were elected at the April meeting held at Coldwater United Methodist Church. A skit from the book, "God's Trombones," entitled "The Prodigal Son" was presented by the Coldwater UMYF. Retiring officers are Bob Hargrove, Lynn Rogers, Cindy Rogers, Jill Falwell, and Sherry Haley. Martha Broach and Mr. and Mrs. Eual Burkeen were counselors.

 BANKAMERICARD

Dale Mathis was named as Outstanding Beta Boy of Calloway County High School at the banquet held at the school.

New officers of the Calloway County High School Beta Club installed at the banquet held at the school were, left to right, front row, Susie Adams, Rida Hicks, Paulette Hooks, Linda Avery, Kathy Todd, Gena Cleaver, Vickie Weatherford, back row, Kevin Bowen, Mike Farris, Lisa Smith, Kathy Jackson, Judy Kimbro, Shea Sykes, and Kevin Pennick.

Patsy Burken, right, accepts the award as Outstanding Beta Girl for 1974-75 as Norita Cassity, club president and toastmistress, stands at the left at the banquet held by the Calloway County High School Beta Club.

## Calloway Beta Club Has Annual Banquet At School

"Well of Knowledge" was the theme of the annual banquet held by the Beta Club of Calloway County High School on Friday, May 2, at 6:30 p. m. at the school cafeteria. A delicious smorgasbord dinner was prepared and served by the lunchroom personnel of the school.

Norita Cassity, club president, was the toastmistress for the banquet honoring the seniors of 1975 and members of the news media of Murray and Calloway County.

The invocation was given by Debbie Garrett with Mark Miller introducing the special guests. Steve McCuston spoke concerning the theme of the banquet followed by the toast to Beta Girls by Randy Herndon, toast to Beta Boys by Kathy Calhoun, toast to Seniors, Peggy Rogers, response from seniors, Marketa Orr, toast to Junior Betas, Terri Erwin, response from Junior Betas, Tammy Felner, and toast to news media, Janet Murdock.

A very entertaining skit was presented by Mary Beth Hays, Gena Hopkins, Donna Smith, and Pam Robertson with Vicki Weatherford as piano accompanist who also presented special entertainment on the piano.

Mrs. Vernon Riley, club sponsor along with Mrs. Ronald Hopkins, spoke at the meeting concerning the club and its

activities. She has been sponsor of the club since it was formed at Calloway County High School. She is serving as sponsor for the Kentucky Beta Club this year.

Patsy Jo Burken was named as outstanding Beta Girl and Dale Mathis as Outstanding Beta Boy for the year 1974-75 as announced by Linda Avery and Reesa Buchanan respectively.

New officers installed for the year 1975-76 are Linda Avery, president; Mike Farris, first vice-president; Gena Cleaver, second vice-president; Kathy Jackson, recording secretary; Kathy Todd, corresponding secretary; Lisa Smith, point secretary; Judy Kimbro, first treasurer; Susie Adams, second treasurer; Kevin Bowen, reporter; Shea Sykes, parliamentarian; Rida Hicks, song leader; Kevin Pennick, sergeant at arms; Vicki Weatherford, service chairman; Paulette Hooks, devotional leader.

Retiring officers are Norita Cassity, president; Pam Robertson, first vice-president; Dale Mathis, second vice-president; Linda Avery, recording secretary; Alene Paschall, corresponding secretary; Alison Wilford, point secretary; Larry Gelb, first treasurer; Maressa Buchanan, second treasurer; Patsy Burken, reporter; Sherrie Starks, parliamentarian; Janet Byerly, song leader; Rene Tobey, devotional leader.

Special guests were Miss Lynn Crutcher, Kentucky Beta Club president from Reidland and her escort, Mrs. T. P. Jones, retired teacher and Beta sponsor; Mrs. A. F. Myers, teacher who accompanied the club's delegation to the state convention; Ron McAllister, principal; James Felner, assistant principal; Dan Woods, Radio Station WNBK; Gene McCutcheon and Mrs. J. B. Burken, Murray Ledger & Times.

The banquet was closed with Janet Byerly and Rida Hicks leading the large number of members, teachers, and guests in the Beta Song.

## His Comic Card Is a Bad Joke

By Abigail Van Buren

© 1975 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: I am a 23-year-old, college-educated, unmarried woman.

I have definitely made up my mind that I do not want to bear any children. If I marry and want a child, I will adopt a homeless child since I think there are already too many children in the world.

Also, I would like to be able to have sex without worrying about getting pregnant, and no matter what anybody says, there is absolutely NO method of contraception that is 100 per cent foolproof.

I have asked every doctor I know to perform an operation on me to prevent pregnancy, but so far, I have found no one who will. They all say: "Oh, you'll change your mind one day and then will be sorry." Or: "Have a few kids first—then I'll do it for you." They act like they'd be committing some kind of crime.

Abby, why shouldn't I be able to have that kind of operation if that is what I want? And where can I find a doctor who will do it?

IDAHO READER

DEAR READER: I personally feel that if you do not want children, it's your right. Keep shopping around for a doctor. If you can't find one, inquire at your nearest Planned Parenthood office for information. Their motto is: "Every child should be a wanted child." And I couldn't agree more.

DEAR ABBY: It's been 50 years since I've even thought of my childhood sweetheart. Then I read in the obituary column that her father had died, and she was still a "Miss."

I have been a widower for 18 months, so I sent this childhood sweetheart a mass card. She promptly wrote to thank me for it. Then I sent a comic card that read, "Are you free Saturday night? I have \$2.95 to spend." (I wrote on the bottom, "On the serious side, I'd like to take you out for dinner if you aren't too upset about the loss of your father.")

No reply. Should I write to her again? Perhaps telephone her?

Do you think that receiving no answer was an answer in the negative?

Thanks for your comments.

CONNECTICUT YANKEE

DEAR ABBY: Your comic card may not have been so comical since the lady was still in mourning. Wait a while, then telephone her. If you get a chilly reception, you'll know you blew it.

DEAR ABBY: With reference to walk-in customers versus telephone customers, this is how I handle it: When I phone a store, I always open my inquiry with: "If you are not with a customer now, will you please help me?"

The clerk says, "Yes, I can help you" or "I'm busy now, may I take your number and call you back, or will you hold?"

Then, when I am in a store and in a hurry, if the phone rings while I'm being waited on and the salesperson makes a move to answer it, I say, "Please ask the person on the phone to wait. I was here first, and I am in a hurry."

They always look a little shocked, but I don't care because I know I'm right. And if they will just stop and think, they'll agree.

I have also been a salesperson, so I've been on both sides of the counter.

"SELDOM STANDIN' AND WAITIN' "

DEAR SELDOM: Your system makes sense for telephone shoppers, walk-in customers and clerks. Thanks for the sensible suggestion.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212, for Abby's booklet "How to Write Letters for All Occasions." Please enclose a long, self-addressed, stamped (20¢) envelope.

Every ounce of fertile soil normally contains more living organisms than the human population of the entire world.

## Down the Garden Path

By MRS. W. P. WILLIAMS

Did you ever stop to think that raising flowers is much like raising children? In the first place you have to have a good home for them. When you plant a shrub you want to put it where it will grow the best and be the healthiest; just as we want our children to grow up in the proper atmosphere, conducive to health and happiness. So we dig a good hole, put the proper sort of soil in it. We place it where it can get the proper amount of sun or shade or moisture. In other words we give it a good home.

Then we feed and water it just as we provide good food and water in our own homes. Plants need different foods, Azaleas, rhododendrons and several others like them, need acid soil and so we see to it that they get it. Other plants need to be where they get plenty of moisture, so as to get the best results, we give them the proper location.

Another thing that is needed in gardening as well as in the home is discipline. We train a plant, snipping off a little here and there, or fixing it to a wall as in espaliered shrubs or plants. This is done so they won't get out of bounds and grow wild. So do our children need curbing and have to be taught the right and wrong. We even prune back a shrub severely if it becomes

necessary to make it live and grow. So child sometimes has to have privileges taken away in order that they may find out there are some things have to be learned, whether we like it or not.

Some plants won't grow together, as annuals in with Azaleas, for they don't like the same kind of soil. In like manner our children need to learn to make wise choices in their close friendships.

Last of all but no means least, the most needed element for a flower garden or in a home, is love. We plant flowers, trees and shrubs because we love them and enjoy the beauty that follows our efforts in working with the Creator. Surely no home is complete without massive doses of love for and from each one. And there, too, we work with the Creator to develop a child who can go out into the world and be a credit to his home. Love and understanding are necessary components of gardening and home life as well. When we want to learn about flowers we go to a flower magazine. Surely there is no better source of information about raising children or home life than the Bible.

If we could follow directions for our gardens and our homes how wonderful it would be.

## Our Choice In The Senate Race

Dr. Harry Sparks is well known to everyone in Calloway County. He has faced the many issues at both the local and state level, while serving as President of Murray State University and as Superintendent of Public Instruction. He has served one term as president of the Kentucky Educational Association and while Supt. of Public Instruction served as chairman of the Board of Regents at each of the state-supported schools. He performed well in all of these demanding positions.

Dr. Sparks has proved that he has the know-how to get things done at the state level and has time, talent and energy to serve well in the office of State Senator.

His opponents are both fine young men. Ronnie Jackson is admired and respected by all of us who know him and he has run a well planned campaign. Rick

Weisenberger of Mayfield is very capable and either Jackson or Weisenberger could do a good job for us in Frankfort.

But, experience with prime issues such as education, economy, taxes, and his forceful way in getting to the "meat of an issue" have led us to conclude Dr. Harry Sparks will be our choice for State Senator on Tuesday.

We think he is the man we need to serve with Kenny Innes or Ed Overbey in the Kentucky legislature. This race has really "warmed up" and we like much of the program of both of these candidates. We feel that either of these two, if elected, would serve well and we make no recommendations, as we feel they have done probably the best job of all in getting their race before the public.

## From Antipathy To...

Has it been more than a decade since Great Britain launched its "Invasion of Innovation" upon the USA?

We're speaking of British rock music, and particularly the first well-known invaders, the now defunct group called The Beatles.

Though they've gone their separate ways, it's easy for most of us to recall the great American outrage at their "cereal bowl" haircuts, which greatly lapped over their ears.

"Scandalous!" "Offensive!" and "Sacrilegious!" were com-

mon outcries at the four Liverpudlians' hair styles.

But today, there aren't many young boys or men with hair enough left on their heads whose hair cuts or styles don't bear a striking resemblance to those fellows.

In addition to changing our ideas of music, The Beatles also introduced the now male American ideal of long hair.

It all only goes to show that today's antipathy may very well turn into tomorrow's acceptance.

—Greenville (S. C.) News

## Good Loser

If the Bicentennial Commission, which is overseeing "all that is done in the name of this country's 200th birthday, has any "Good Loser" awards to hand out, we nominate Davison Newman & Co., Ltd., of London.

The firm was established in 1650 and has been shipping tea to the New World since before 1700. One of its products is "Boston Harbor Tea," which comes packed in a can adorned with crossed American and British flags and the notation, "The firm which supplied tea 1773-1774 for the historic Boston tea parties."

Good show, Davison Newman &

Co., Ltd., it's nice to know you aren't carrying a grudge.

—Charlotte (N. C.) Observer

## The Way We Were

Some school authorities believe that spanking should be replaced by "behavior modification."

Shucks — some of us old-timers thought spanking was behavior modification.

—Atlanta (Ga.) Journal

## HEARTLINE

**HEARTLINE**  
HEARTLINE is a service for Senior Citizens. Its purpose is to answer questions — fast. Write HEARTLINE, 8514 North Main St., Dayton, Ohio, 45415.

**HEARTLINE:** I am 71 years old, I retired in 1970, how much should my social security be each month? C. M.

**ANSWER:** Heartline receives hundreds of questions like this each month. I'm sorry but we cannot compute benefits, only social security can do that.

**HEARTLINE:** I wrote you 5 weeks ago about a pen-pal, still no pen-pal. How come? B. W.

**ANSWER:** Since you stated you did not want to correspond with anyone except from your hometown, we are still waiting for someone to write from there. It might be a while, since your hometown has a population of 503.

**HEARTLINE:** I am moving soon, is Heartline in my new local newspaper? R. T.

**ANSWER:** Whenever you move call Heartline. We will inform you of your closest newspaper with Heartline, of course you could always take an old friend with you, call your present newspaper for details.

### Letter To The Editor

## Baseball At City Park

Dear Editor:

This is an open invitation for Murray sports fans to watch some superb Murray baseball teams this year. The Murray Baseball Association includes leagues from the Farm through the Colt League.

This year the Colt League (ages 15-16) is making an all-out effort to bring top-notch baseball to Murray. Mayfield has been invited to play us every Tuesday evening with the first game beginning at 6:30 May 27.

Murray recently traveled to Mayfield for an exhibition game and won 4-1. Every Friday evening will feature the four Murray Colt League teams playing each other.

A great evening's entertainment is

available free of charge to Murray and Calloway County residents. This year's teams will feature strong pitching and defensive play, since several of the boys have played together through the other leagues.

Murray has demonstrated time after time her willingness to support her sports activities. It really does something to know the fans are there cheering for victory. The first Murray-Mayfield match-up is scheduled for Tuesday, May 27, at 6:30 p.m. The first league play between Murray teams will be Friday May 30.

For some great baseball fun come on out to the Colt League park in the Murray City Park.

Tom Perkins  
Colt League President

## Sensing The News

By ANTHONY HARRIGAN  
Executive Vice President  
United States Industrial Council

HARRIGAN

TODAY'S TOPIC: The Vital B-1

Do the American people want the United States to cut back its armed forces and accept second-class status in the world?

They need to ask themselves that question as the anti-defense lobby in and out of Congress moves to reduce America's defense capabilities in the year ahead. The opponents of a strong national defense are doing this by attempting to prevent development of new weapons systems for the 1980s.

A case in point is the current drive to eliminate the B-1 bomber now under development. Early this month, a headline in the Washington Post told the story: "Groups Press Hill To Scuttle Bomber Fleet."

The news account told of "a coalition of organizations" that had launched a national campaign to knock out funds for the B-1. More than 25 liberal-left organizations are part of this effort, including Americans For Democratic Action, Common Cause, American Friends Service Committee, United Mine Workers Union, World Federalists, and the International Longshoremen's Union.

This campaign to reduce America's strategic capabilities comes on the heels of our country's disastrous reverse in Southeast Asia. It is as though the coalition wanted to signal to the world that America won't make a stand on any front, not even in the area of strategic defense. If the anti-defense lobby succeeds in killing the B-1, the Soviets will get a very clear expression of Americans' unwillingness to defend themselves.

The B-1, like the Trident missile-firing submarine, is a desperately needed new defense system. The U. S. Strategic Air Command is dependent on the aging B-52 bomber which has been flying since the 1950s.

Some people ask: why do we need bombers in an era of missiles? There are several answers to that question. In the first place, a manned bomber provides the nation with an instrument of graduated response under total control until the last second.

Second, the Soviets today have a huge lead in missile weapons. The United States must develop types of weapons that provide a strategic advantage.

The B-1, utilizing America's advantage in aircraft technology, is one such weapon. The B-1 fleet sought by the Air Force would furnish the United States with another significant deterrent to nuclear war. It would give America more meaningful power for peace. Only military strength and technological superiority on the part of the U. S. prevents a surprise nuclear attack on this country.

The anti-defense lobby in Congress already has slashed \$3.7 billion from the Defense Dept. budget request, including \$1 billion needed for new naval vessels. The Soviet fleet today vastly outnumbers the U. S. Navy. Further cuts in defense appropriations must be prevented by an aroused citizenry.

Fortunately, the proponents of a strong defense, including the B-1, have the facts on their side. They can point to the decline in America's spending on new weapons, while the Soviets step up their spending. As Dr. Albert Wohlstetter wrote in Foreign Policy, "U. S. strategic budgets and the destructiveness of U. S. strategic forces

have been going down, not up. U. S. strategic budgets have declined nearly exponentially from the high plateau of 1956-1961."

This spells grave danger for the future if new weapons are not added to America's arsenal. Paul Nitze, a former U. S. negotiator with the Soviets at the SALT talks, has warned that there is "a potentially critical period five, 10, 15 years from now." He has said that, assuming a position of Soviet superiority, "the outcome (of a clash) would be highly one-sided."

The U. S. also has to reckon with inflation, which eats up funds allocated for new weapons. Defense planners can do nothing about the fact that 56 percent of the defense budget goes for manpower costs. The Soviets, for their part, deny their people a decent existence in order to build armaments on a crash basis.

Unfortunately, the anti-defense lobby is very influential in and out of the Congress. This lobby, which is represented by the new coalition, sees no evil, hears no evil when it comes to communist power, whether in Indo-China or Europe. The coalition has only one objective, namely that of reducing America's power.

Hopefully, the U. S. public will permit this anti-defense coalition to have its way in Congress. If the coalition triumphs, and the B-1 is scuttled, the nation will be exposed to a new degree of danger.

### The Family Lawyer

At frequent intervals, terrible-tempered Gerald would swear at the operators in the local telephone office. Warned to cease and desist, he paid no attention. Finally the company disconnected his service. Gerald, angrier than ever, went to court to demand damages.

"This is censorship," he charged at the hearing. "A little profanity just happens to come natural to me. They have to make some allowance for human nature."

But the court ruled that Gerald had no claim. The court said a telephone company has the power to impose reasonable restrictions,

such as a ban on profanity, in the use of its facilities. However, these restrictions must indeed be reasonable. Another case also involved a subscriber who had used purple language to an operator.

But this time, after the man received a warning from the company, he had not repeated the offense. Only later, as an afterthought, did the company cut off his service.

A court ruled that in this situation, the company had acted in an arbitrary and unlawful manner. The judge said the subscriber was entitled to a fair chance to "mend his ways before being deprived of this most convenient means of communication."

In a third case, a woman's telephone was disconnected because

said the company—she had refused to pay her bill. It turned out, however, that there was a bona fide dispute as to how much money she really owed.

A court, again invoking basic fairness, held that the company could indeed be assessed for the harm done, since this was no way to settle an honest argument. There would have been plenty of time, the court felt, to cut off service after the rights and wrongs of the argument had been ironed out.

A public service feature of the American Bar Association and the Kentucky Bar Assn. Written by Will Bernard.

### 10 Years Ago

Airman First Class Phillip P. Williams has graduated from the U. S. Air Force Non-Commissioned Officer Leadership School at Roberts Air Force Base, Georgia.

Dan McDaniel, Judy Howard, Diane Vaughn, Marilyn Moyer, Ernie Bailey, and Jeanne Steytler, all of Murray, are members of the Murray State College Choir, directed by Prof. Robert Baar, who will make a concert tour of Europe this summer.

Sheila Erwin and Cathy Johnston are valedictorian and salutatorian respectively of the Eighth grade class at Hazel Elementary School.

New officers of the Calloway County High School Student Council are Wilma Hale, Billy Wilson, Marcia Jones, Debbie Galloway, and Linda Jeffs.

### 20 Years Ago

The City Council voted last night to annex a new area into the city limits. The area takes in all of South 16th Street down to Sycamore Street including about twenty homes on the street that has recently been widened and paved.

Miss Jenelen McKinney, senior at Murray Training School, received the Arion Foundation award for musical achievement from the Murray Lions Club.

Two Spanish American war veterans in Calloway County are Mack Valdie Kirkland, age 82, and Henry B. Winters, age 80.

Mr. and Mrs. George Cathey observed their 50th wedding anniversary on May 15 at their home at Stella.

### Today In History

By The Associated Press  
Today is Wednesday, May 21, the 141st day of 1975. There are 224 days left in the year.

Today's highlight in history:  
On this date in 1956, the first hydrogen bomb was exploded by the United States over Bikini Atoll in the Pacific.

On this date —  
In 1471, England's King Henry VI died in the Tower of London.

In 1542, the Spanish explorer, Hernando de Soto, died while searching for gold and treasure along the Mississippi River.

In 1881, Clara Barton founded the American Red Cross.

In 1927, Charles Lindbergh reached Paris, completing the first solo flight across the Atlantic.

In 1948, President Harry Truman sent Congress a special message proposing statehood for Alaska.

In 1967, more than 300 persons died in a department store fire in Brussels, Belgium.

Ten years ago: The government of Colombia decreed a nationwide state of siege following widespread student disorders.

Five years ago: It was announced that 217 Americans had been killed in one week in fighting in Indochina, making it the highest toll in nine months.

One year ago: The government of Thailand resigned, seven months after being swept into power by a bloody student rebellion that had overthrown a military regime.

Today's birthdays: Actor Robert Montgomery is 71. Novelist Harold Robbins is 59.

Thought for today: Fear makes the wolf bigger than he is. — A German saying.

Bicentennial footnote: It was 200 years ago today that there was military action at Grape Island, Mass., in the early days of the American revolution.

## Swearing On Telephone

### Let's Stay Well

## By-Pass Operation Holds Greater Risk For Women

By F.J.L. Blassingame, M.D.

BLASSINGAME

By-pass surgery on the heart to improve its circulation carries a much higher risk for women than for men. In fact, the death rate for coronary artery surgery in women is approximately twice as high as for men.

At the Texas Heart Institute, a study was made by Mahdi Al-Bassam, M.D., of 3,965 patients who had surgery between 1969 and 1974. He reported at a recent meeting of the American College of Cardiology that the women patients (a total of 530) among the group had an early mortality rate of 9.2 percent following coronary surgery, compared to only 4.8 percent for men. Medical World News magazine carried a summary report of his findings.

Risk factors were carefully analyzed by Dr. Al-Bassam, and he found that the women pa-

tients had:

1. Diabetes mellitus (21 percent against 9 percent for men)
2. High blood pressure (five times more common)
3. Angina pectoris (twice as common before a heart attack)
4. A recent heart attack (incidence twice as high)
5. Electocardiographic changes in heart muscle (almost twice as high)

The incidence of heart attacks is much higher in men than in women, but the death rate from having an attack is significantly higher among women.

The reasons for these differences are probably the same as those found by Dr. Al-Bassam to cause by-pass surgery to be such a greater risk for women as compared to men. When women have coronary ar-

tery disease, according to him it is usually more "severe and diffuse."

Q. Mr. K.S. asks for comment about the physician who appears to disregard the inconvenience of keeping his patients waiting long past appointment time.

A. Many physicians are overloaded with a heavy practice. Nevertheless, if they give specific appointments, every effort should be made to keep them as scheduled. If some emergency or other cause of delay takes place, the office nurse should explain the situation. Such thoughtfulness is the courteous thing to do and will help to lessen discontent among waiting patients. Some may wish to arrange later appointments rather than wait. Why don't you confront your physician and dis-

cuss the matter? He should appreciate your doing so.

Q. Mrs. L. E. asks what causes variations in the amount of gas in the intestinal tract.

A. Some gas is normally present in the stomach and colon (large intestine) but not in the small intestine. Some foods form more gas than others. A considerable amount of air is swallowed, especially when a person is tense and nervous. Also, tension and nervousness increase the spasm in the muscles in the intestinal wall and may cause some discomfort or cramping. By avoiding certain foods and lessening stress, problems with gas may be controlled. If not, you may need to see your physician.

## Grevey Paces Wildcat Seniors Over Cardinals

FRANKFORT, Ky. (AP) — "If we won, I guess you could have said we were the best. Since they won, a lot of their people will say they are the best."

Those comments were made Tuesday night by Junior Bridgeman of Louisville after a Cardinal team composed of seniors fell to University of Kentucky seniors 84-75 in an exhibition basketball game.

Bridgeman said he felt the result of the game did not decide the question that was asked in the 1974-75 college basketball season by thousands of roundball fans in Kentucky. That question was: Which team was better, Louisville or Kentucky?

Both finished the season in

the Top 10 teams in The Associated Press basketball poll. And both made it to the NCAA finals. Kentucky lost in the national championship tilt to UCLA, the team that beat the Cardinals in the semi-finals.

"We'd like to play them again, but I don't know if the result would be different," Bridgeman added.

Kevin Grevey scored 31 points and pulled down 15 rebounds to lead the Wildcat seniors to the victory, and Bridgeman led the Cards with 27. Kentucky opened an 11-point lead in the first six minutes and never trailed, but Louisville closed to within two points late in the game.

"No doubt about it," said Kentucky's Mike Flynn. "That Louisville has a great team. I felt all year long that there were four super teams — Louisville, UCLA, Indiana and us."

He too was asked if the game settled the question once and for all.

"All it shows is that on any given night that any team can beat another," replied Flynn.

"If we played again the result might be different."

Bob Guyette scored 22 points for Kentucky, and Allen Murphy tossed in 19 for Louisville.

**CHANGE TO NIGHT**

ALBUQUERQUE (AP) — Expansion of the University of New Mexico football stadium will be completed in time to permit some 1975 season games to be played at night. University officials had announced earlier that all six home games would be played in the afternoon.

Contractors have assured athletic department officials that the Fresno State, Colorado State and Arizona State games in September and October can be played at night.

The first day game will be Oct. 18 against Utah. Other home afternoon contests will be against Texas-El Paso and Wyoming.

Frank Robinson's first at-bat as manager of the Cleveland Indians resulted in a home run.

## Sabres Rally To Post Win Over Flyers, 5-4

By FRANK BROWN  
AP Sports Writer

BUFFALO (AP) — It had been a long day, hot and humid — definitely not hockey weather. But long after midnight, some 12 hours after their light pre-game skate Tuesday, the Buffalo Sabres didn't seem to mind.

They had beaten the Philadelphia Flyers for the first time in 15 games, dating back to March 28, 1973. They had beaten Flyers goalie Bernie Parent for the first time in their five-year history. They had come from behind three times to do it.

Defenseman Jerry Korab

### Summer Cage League To Be At City Park

A Summer Basketball League will be held this summer at the Murray City Park.

There will be a maximum of 12 teams with a limited roster of eight players on each team.

An entry fee of \$45 must be paid by May 30. The first 12 teams to contact the Park Office will be accepted into the league.

League play will begin either the first or second week of June. The roster must be turned in by the first game and there can be no additions made on the roster.

Among the highlights of the summer league are: an All-Star game, a league tournament, individual honors for the season and a free pizza for the high scorer each night.

Also this summer at the park, a Summer Basketball Clinic will be held beginning on June 9. Registration begins June 2.

Ages for the instructional program are nine through 12. A fee of five dollars per child will be required.

said he was too tired to take a shower. "If I had a beer right now, I'd pass out," he said.

But there was a smile on his face; the effort had been worth it. The 5-4 overtime triumph over the Flyers had cut Philadelphia's lead to 2-1 in the best-of-seven game National Hockey League championship series and had given the Sabres some breathing room in the heavy Buffalo air.

"We had to win this one. Your body is tired, but your mind keeps you going," said Sabres' forward Jim Lorentz.

"We had to give 110 per cent and we did," Korab said.

It wasn't easy. The heat and humidity had made playing conditions unbearable. A fog descended on the Memorial Auditorium surface and frequently forced play to halt. Beyond that, the teams were tied 4-4 after the regulation three periods and had to work overtime until Rene Robert's 20-foot slap shot ended the action at 18:29 of overtime.

"Gil (Perreault) passed the puck into the corner and it bounced just right," said Robert, who picked up the carom and blasted before Parent could get set. The goalie didn't see the puck until it was too late.

"When Perreault shot it in from the red line, I couldn't see it," said Parent, who faced 46 shots, only one less than the Sabres had totaled in their first two losses. "By the time I did see it, I didn't have time to get set. Robert shot, and it went in."

It appeared the Flyers would cruise to their third straight victory of the series when Gary Dornhoefer scored after just 39 seconds and Don Saleski made it 2-0 at 3:09. These goals and

## Namath Leaning Toward World Football League

TUSCALOOSA, Ala. (AP) — Free-agent quarterback Joe Namath says he is leaning toward the World Football League's \$4 million offer, which he describes as more than fair.

But leaning does not mean falling, and Namath said Tuesday he still doesn't know which way he'll go.

His other options are retirement from the game or acceptance of the New York Jets' reported million-dollar offer to re-enlist with the National Football League team.

Namath, who played out his option with the Jets last season, took time out from a Tuesday round of golf to comment:

"I want to play football, and I'll play with Chicago if things work out. The people in the WFL have about got me convinced it's going to work."

"I hope the league does survive, because it creates more jobs and entertainment. There are a lot of fine players who don't have the opportunity to play now."

If he jumps to the yearling WFL, Namath would be signed by the Chicago Winds.

Winds owner Eugene Pullano held his first toe-to-toe meeting with Namath Monday night in what WFL President Chris Hemminger described as a big step that would tell the WFL whether it had landed the talented performer.

Namath said he met with Pullano "and we talked a bit. We are in negotiations over the contract. It's an interesting contract. I'm pleased that they're interested, and I hope it

works out. "Money at this stage is not the main consideration," Hemminger said Monday in

### Pitcher Of Month

SAN FRANCISCO (AP) — Don Sutton's fast start this season, with a 4-1 record and 1.96 earned run average in April, earned the Los Angeles Dodgers' pitcher the National League Pitcher of the Month award, the league announced today.

"My approach this year was to prepare myself before spring training so that I could sharpen my skills in Florida in preparation for the season," said Sutton. "That's what spring training is all about."

A panel of baseball writers and broadcasters voted Sutton the award by a 21-18 margin over Atlanta's Carl Morton. Andy Messersmith of the Dodgers was third with 12 votes, followed by Woodie Fryman of Montreal, Steve Stone of Chicago and Randy Jones of San Diego.

Birmingham that the 40-page contract was virtually complete, but Namath wanted some additional things that represented both substantial money and substantial performance. He did not elaborate.

"It's possible to stay in football after I quit playing," Namath said, adding that wherever he goes, without further injuries to his fragile knees, he could play "at least three more years in good style."

The WFL offer calls for three playing years and \$100,000 a year for 20 years thereafter.

Hemminger said Monday that the WFL would know Tuesday if Namath was in the fold, but it would be a while before the decision would be made public.

LIST SIX HOME GAMES  
MORGANTOWN, W. Va. (AP) — West Virginia's football team will play 11 games next fall, six of them at home. The Mountaineers open the season Sept. 13 with a home game against Temple. The season will end against another Eastern opponent, Syracuse on the road on Nov. 22.

## Oliver Will Probably Start On Mound For Murray State In NCAA Tournament Debut

by MIKE BRANDON  
Ledger & Times Sports Editor  
What's more important, good pitching or powerful hitting? The answer to that question will come for the Murray State Thoroughbreds this weekend as

they play in the Southern Regional in the NCAA Baseball Playoffs in Starkville, Miss.

As a team, the 'Breds are hitting .338, which ranks as the best in the nation. But pitching, that's a different story.

Play will open in Starkville at 5:30 p.m. Friday with the nation's top team, Florida State, meeting Miami, which is ranked seventh. Then at 8:30 p.m. the 'Breds will tangle with Louisiana State University.

Pitching has been the question mark all season long for Murray State. Earlier in the season, during the 'Breds record-breaking 22-game winning streak, Murray was playing every day.

And after watching the record soar to 29-1, Murray just flat ran out of hurlers and lost their next three games. One of the top pitchers from last year, righthander Mark Wezet, would have been a great help this season but he was redshirted because of an injury.

Even yet, the 'Breds will carry a most respectable 40-7 record to Starkville. Florida State has a 46-8 slate for the top record while Miami is 43-12 and LSU is 40-14.

"In a short series like this, you got to have pitching," Thoroughbred Coach John

Reagan said.

"But I think we can play them," Reagan added.

It has been nearly three weeks since the 'Breds played their last game. On the other hand, Florida State and Miami have been playing almost every day during the past weeks.

"We can't use that as an excuse," Reagan said. "It would be better if we had been playing all the time but it's just one of those unfortunate things in scheduling."

Reagan says he feels his team won't have a great deal of pressure on it.

"Our kids our excited about going but so are the other clubs," Reagan said.

"The only pressure is our batting average. When you are the top hitting team in the country, it gives the opposing pitchers a boost and they really go out to get you."

Pitching.

That's the key word for Murray and it looks as if the burden of hurling the first game will go to big southpaw Randy Oliver.

Oliver has posted a 9-1 record this season. He is a control artist and a flame thrower.

Murray's other stalwart on the mound is senior righthander Mike Sims.

Sims is 9-2 on the season but

has been having trouble lately on the mound. According to Reagan, Sims is suffering from elbow trouble and it's not known how much he will be able to pitch at Starkville.

If Murray should get by LSU in the first contest, it will assure the 'Breds of playing at least two more games in the double elimination tourney.

Sophomore southpaw Dana Pearson and freshman left-hander Greg Cruse would be the top contenders for the third game starting assignment.

"Cruse has been looking awfully good the past month and right now, I'd have to say he'd probably be the starter the third game," Reagan said.

One problem looms big over the 'Bred camp. Senior shortstop Leon Wurth has been suffering from a bad left hand and it has been hurting his hitting. Wurth is hitting .419 on the season and that mark ranks him 12th in the country.

Teammate Jack Perconte is hitting .413 and he is 14th in the nation.

"Leon has a strain or a bruise on the back part of his left hand," Reagan said.

"It doesn't hurt his fielding any but it has slowed his bat down considerably. He's still able to throw the ball as well as always."

Another player who is a question is senior designated hitter Don Derrington. He has been out much of the season with bad legs and has been experiencing problems in the past few days.

The lineup for Murray will be basically the same: Don Walker at first, Perconte at second, Wurth at short and Terry Brown at third. David Hughes will start in center with John Siemanowski in rightfield.

Catching duties will probably be split between Mike Cathey and Gene Steuber. The spot in leftfield hasn't been determined yet.

"Whoever has the hottest bat will open in left. Right now, it looks like Marvin Kiel," Reagan said.

Murray has several other achievements on the national level. Besides being ranked 12th in the nation and having two hitters in the top 15, here are a few other accomplishments:

—Perconte has 17 doubles this season. That is the third highest total in the country.

—Perconte is among the leaders in stolen bases, having swiped 31 bags in 32 attempts.

—Walker, who is the leading RBI man on the team, is averaging 1.23 runs batted in per game. That figure ranks seventh in the nation.

—Murray's 22-game winning streak earlier in the season was the second-longest streak this year. Oklahoma had the longest string at 24.

—Only the two first round games will be played Friday. On Saturday, there will be a full day of baseball with games set for 2:30 p.m., 5:30 p.m. and 8:30. There will be two games, if necessary to determine the champion, on Sunday afternoon.

Florida State has to be considered the favorite to win the tourney. Besides being ranked number one in the country, which really isn't that big of an advantage, the Seminoles have the best pitching in the South.

One pitcher for Florida State is 14-0 while another is 13-1. So Reagan and his Thoroughbreds are hoping that good hitting can beat good pitching. And if it can, then the next step would be the College World Series in Omaha.

## Warriors Rally To Get Close Win Over Bullets

By ERIC PREWITT  
AP Sports Writer  
SAN FRANCISCO (AP) — The Golden State Warriors did it again the hard way.

"I'd hate to go through a full season of games like this,"

Coach Al Attles said Tuesday night after his team survived the frantic final seconds of a 92-91 victory over Washington and took a 2-0 lead in the National Basketball Association championship series.

The Warriors, who won the series opener after trailing once by 16 points, came from 13 points behind in game No. 2. "We try to lull them to sleep," Attles joked, trying to laugh off the tension of a fourth quarter in which his team blew an eight-point lead and finally won on Rick Barry's two free throws with 23 seconds remaining.

Golden State's latest improbable victory came in the Cow Palace, an arena the team hasn't used since 1971. Game No. 4 is scheduled on the same court Friday night.

"I never felt we were in the clear. They're too good a team," said the Bullets' Mike Riordan who gave Washington a 91-90 lead with a three-point play 1:01 from the end, then fouled Barry.

The Bullets, who went into this best-of-seven series as heavy favorites, called a time out after Barry's free throws and Coach K.C. Jones planned a play to get the ball to Phil Chenier, who had 30 points already.

"We played great defense in those 23 seconds. We didn't let them do what they wanted to do," said Barry, who finished the game with 36 points.

Chenier, hemmed in by Keith Wilkes and Charles Johnson, passed off to Riordan who tried a 15-foot shot from the right side over Barry with about five seconds to go.

"I just blew the shot, that's all," said Riordan.

Elvin Hayes took the rebound after Riordan's missed shot and hurried up another shot which fell short.

The Warriors' George Johnson grabbed Hayes' missed shot just before the final buzzer sounded.

Then the 13,225 Warriors' fans who filled the Cow Palace sent up the loudest noise heard in the cavernous building since Republicans at the 1964 GOP Convention cheered Barry Goldwater into the path of a Democratic landslide.

### Joins Express

JACKSONVILLE, Fla. (AP) — Lineman Charles Hall of Tulane University signed Tuesday as a defensive tackle with the Jacksonville Express of the World Football League.

Hall, a 6-foot-6 260-pounder, was a third-round draft choice of the New Orleans Saints in the National Football League.

The Express has now filled 14 spots on an expected 70-man roster.

## Bynum Sports Top Record In Softball Play

Bynum Construction Company is sporting a 6-0 record and is the only unbeaten team in the Men's Softball League this season.

Playing in the second division, Bynum has a one game lead over Starks Brothers Mobile Homes, which has a 5-1 record. Other records in Division Two include: Perry Construction Company 3-3, Calloway Cabs 3-3, Wallace Book Store 2-4 and Sykes Plumbing Company 0-6.

Here are the team batting averages in Division Two: Bynum .417, Stark Brothers Mobile Homes .649, Perry Construction Company .430, Calloway Cabs .387, Wallace Book Store .405 and Sykes Plumbing Company .235.

In Division One, Dennison-Hunt and Jet-A-Marine are tied for the lead. Both teams are carrying 5-1 season records. West Kentucky Cabinet is 3-3 while the Moose Lodge is 3-3. Murray Merchants are 1-5 while Herndon's is 0-6.

Team batting averages are as follows: Dennison-Hunt .424, Jet-A-Marine .422, West Kentucky Cabinet .408, Moose Lodge .366, Murray Merchants .329 and Herndon's .309.

Rudolph of Stark Brothers has four homers while McMannis of the same team has three. Stalls of Bynum Construction and Knees of Perry Construction also have three homers.

### Optioned

CINCINNATI (AP) — Third baseman John Vukovich was optioned to Indianapolis of the American Association and relief pitcher Rawley Eastwick was called up by the Cincinnati Reds Tuesday night.

Vukovich, 27, came in a trade from the Milwaukee Brewers last September. He went to bat 38 times in 31 games and had eight hits for a .211 batting average this season.

Eastwick, 24, a right-hander, appeared in 13 games in relief for Indianapolis this season, recording one victory and no losses and an earned run average of 1.35. He appeared in eight games for the Reds last September and had two saves and a 2.00 ERA.

## Tiger Golfers Tied For Second

It's another strong showing for the western Kentucky area in the State Golf Tournament.

After 18 holes of the 36-hole event in Fort Knox, Madisonville and Owensboro are tied for the lead with 320. Tied for second are Covington Catholic and Murray High's Tigers, both four strokes off the pace.

It's been six years since Murray High has been to the State Tourney and the Tigers are sitting in great shape as far as being a strong contender for the title.

Other teams making the cutoff included Danville 325, Mayfield 325, Marion County 327, Mason County 327, Louisville Trinity 328, Louisville Doss 329, Lexington Henry Clay 331 and Louisville Ballard 334.

For the past two years, Bowling Green has taken the state golf title. The year before the first Bowling Green title, Paducah Tilghman won the state crown.

For Murray High, Gary Sullivan and Lee Stewart paced the way Tuesday as both golfers carded 79's. Rounding out the scoring were Howard Boone with an 80 and Tim Philpot with an 86.

Barry Wilson of Owensboro fired a first round score of 75 and is the leader in the tourney. Just off the pace is Jeff Boyd of Mayfield who is three strokes back with a 78.

The final 18 holes of the team State Tourney are being played today. Later this month, the top eight individuals from all the Region Tourneys will compete for the individual state golf title.

Murray High, which won the Regional, will have Lee Stewart and Gary Sullivan in the individual State Tourney.

# Colonels Will Try To Wrap Up Series With Home Win Thursday

By MIKE HARRIS  
AP Sports Writer  
INDIANAPOLIS (AP) — Kentucky's Dan Issel, with a quiet confidence, said, "We didn't figure to win it in four games and they aren't going to give up, but we'd sure like to take it all at home."

The scene of the American Basketball Association championship series between the Colonels and the Indiana Pacers shifts to Louisville Thursday night for game No. 5, with Kentucky leading 3-1.

But that one victory by the three-time ABA champion Pacers didn't come until Monday night when they appeared all but dead. Somehow they survived for at least another day. And, as the veteran Kentucky forward said, they aren't giving up.

"We were in the same situation, down three games to none, last year and I know how we felt," Issel said. "We didn't play well and they came out clawing and hustling."

No team in the history of professional basketball has come back from a 3-0 deficit to win a best-of-seven series. But Indiana has come the closest, losing to Utah 4-3 last year after

dropping the first three games in the ABA Western Division finals.

It seems an almost impossible task again this year, since Kentucky is 45-3 on its home court and would play two more games in Freedom Hall if the series went the full route.

One thing that Indiana had going for it in its 94-86 victory Monday was the resurgence of veterans George McGinnis and Billy Keller.

McGinnis was suffering from an ankle injury that team trainer David Craig said would have kept him on the bench anytime but in the playoffs. He scored 22 points and grabbed 21 rebounds, showing little effect from the injury.

Keller had hit only six of 24 shots in the first three games, but came up with eight of 20 Monday, including a three-point goal that ignited Indiana's fourth-period charge.

Neither coach was happy with the way his team played Monday and the sloppiness of the game was reflected in the shooting statistics. Indiana won with a 40 per cent shooting average and Kentucky hit only 35 per cent.

If Indiana gets by the Colo-

nels Thursday, game No. 6 is scheduled here Saturday night. Game No. 7, if necessary, is back in Louisville Monday.

**Site Picked**

TUCSON, Ariz. (AP) — The 1975 Association of Intercollegiate Athletics for Women golf championship will be held at Oro Valley Country Club June 18 through 21.

Officials from the host University of Arizona said Tuesday the 72-hole tournament will be played over a 6,250-yard, par 73 course.

Defending team champion is Rollins College of Winter Park, Fla., and defending individual champ is Mary Budke of Oregon State. Sixty schools are entered.

**Recall Pitcher**

SAN DIEGO (AP) — The San Diego Padres have recalled right-hander Larry Hardy from Hawaii of the Pacific Coast League and have optioned outfielder Gene Locklear to the same club, Padres' General Manager Peter Bavasi said Tuesday night.

Hardy has a 1-0 record with a 1.00 earned run average in 12 appearances for the Islanders.

**FOOTBALL CHEERLEADERS CHOSEN** — Lynn Erwin and Danny Chadwick, both of Murray, are among eight varsity cheerleaders chosen at Murray State University for the football season next fall. Four men and four women were selected from tryouts held before the end of the spring semester on the campus. Cheerleaders will be selected for the basketball season from tryouts to be held early in the fall semester.

# Lee Wasn't Afraid Of Green Monster In Left

By KEN RAPPOPORT  
AP Sports Writer  
Who's afraid of the big, bad Green Monster? Not Bill Lee.

The renowned left fielder at Fenway Park usually strikes fear into the hearts of left-handed pitchers, but holds no terrors for the Boston southpaws.

The nonchalant left-hander had a good day Tuesday night — a two-hit beauty that led the Red Sox to a 7-0 victory over the Oakland A's. None of Oakland's formidable right-handed hitters reached the short wall — in fact none even came close.

Lee retired the first 13 batters before Sal Bando grounded a 2-1 pitch just inside third base for a double. Lee then set down 11 batters in a row before Angel Mangual got a bad-hop single leading off the ninth.

Meanwhile, Oakland's Vida Blue was having his usual problems at the Boston park. The left-handed Blue, a one-time Cy Young winner with already eight victories under his belt this year, lost his fourth game in seven lifetime decisions at Fenway Park.

While Lee was performing his pitching magic, his Boston teammates were making baseballs disappear over the fence. Jim Rice, Tony Conigliaro and Juan Beniquez belted home runs to lead the Boston attack.

In the night's other American League games, the New York Yankees beat the Kansas City Royals 6-0; the Milwaukee Brewers nipped the Texas Rangers 7-6 in 10 innings and the Minnesota Twins stopped the Detroit Tigers 5-3. The Baltimore-Chicago game was postponed by rain.

Yankees 6, Royals 0  
Pat Dobson checked Kansas City on six singles, Roy White collected a triple, double and two singles and Graig Nettles homered and tripled as New York blanked the Royals.

Dobson, 3-5, walked two and struck out two in gaining his first triumph since April 26 and snapping a personal three-game losing streak.

Brewers 7, Rangers 6  
George Scott tripled home the tying run in the bottom of the 10th inning and scored on Mike Hegan's grounder as Mil-

waukee rallied to defeat Texas. Willie Davis' fourth home run of the season leading off the top of 10th had given the Rangers a 6-5 lead, but Bobby Mitchell opened the Brewers' half with a single off reliever Jackie Brown and scored on Scott's triple as center fielder Davis crashed into the fence trying to catch the drive.

Tigers 5, Twins 3  
Rookie Dan Meyer's two-run triple and a two-run double by Bill Freehan sparked a five-run Detroit sixth inning, leading the Tigers and Mickey Lolich over Minnesota. The outburst, aided by three Minnesota errors, came against Twins' right-hander Dave Goltz, 2-4, who carried a one-hit shutout into the inning.

The portly 34-year-old Lolich pretty much abandoned his once-famous fastball to pick up his first victory since April 25 and boost his record to 4-3.

**Tiger Netters Get Win Over Mayfield, 8-1**

The Murray High boy's tennis team ran its record to 9-1 for the season by taking an easy 8-1 win over Mayfield Tuesday afternoon. The matches, all pro sets, were played at the Murray State Tennis Complex.

In the number one singles, Mel Purcell took an easy 8-0 win over Marc Barlow while at number two, Kim Trevathan won 8-4 over Greg Cook. The only loss of the day for the Tigers came in the third spot where Mark Homra fell 8-3 to Andy Stahr.

The number four singles found Boyd Walker winning 8-5 over Emmerson Maddox while at five, Kevin Ray won 8-2 over Mark Stahr. In the sixth spot, Brad Boone defeated Brian Burnett 8-2.

In the doubles, Purcell and Ray won 8-2 over Barlow and Cook. At number two, Trevathan and Homra whipped Andy Stahr and Maddox 8-3 while in the number three doubles, Walker and Craig Shinnors won a shutout match over Mark Stahr and Burnett.

The boys and girls will both be playing at the teams host St. Mary at 3:30 p. m. Thursday at the MSU Tennis Complex.

# Correll Slams Another Homer, Tied For Lead

By HERSCHEL NISSENSON  
"I'm not a home run hitter," says Atlanta's Vic Correll, who'll have a hard time making National League pitchers believe it.

The 5-foot-10, 180-pound catcher walloped his eighth home run of the season as the Braves defeated the Montreal Expos 9-4 Tuesday night. It was no ordinary home run. For one thing, it was a grand slam. For another, it tied him with teammate Dusty Baker, Philadelphia's Greg Luzinski, Houston's Bob Watson and San Diego's Dave Winfield for the league home run lead.

Elsewhere, the Chicago Cubs edged the Los Angeles Dodgers 2-1, the New York Mets whipped the Cincinnati Reds 6-2, the Houston Astros downed the Philadelphia Phillies 4-2, the San Francisco Giants trimmed the Pittsburgh Pirates 12-4 and the San Diego Padres beat the St. Louis Cardinals 5-2.

In addition to his grand slam, which broke open a tight 5-4 game in the eighth inning, Correll drove in a fifth run with a third-inning single while Baker smashed a three-run homer, his eighth. Gary Carter hit a two-run shot for Montreal.

Cubs 2, Dodgers 1  
Bill Bonham pitched a two-hitter and the Cubs scored twice off Don Sutton in the first inning on a run-scoring double by Bill Madlock and an RBI grounder by Adrian Garrett. One of the hits off Bonham was Lee Lacy's second home run of

the season in the fourth inning. Sutton, 7-3, took the loss despite striking out 11 and allowing only five hits.

Mets 6, Reds 2  
Joe Torre's two-run homer, his first in a New York uniform, capped a four-run fifth inning and Jerry Koosman combined with Bob Apodaca to clinch a six-hitter. Rusty Staub drilled a two-out two-run double to start the scoring against Don Gullett and Torre followed with his home run.

Astros 4, Phillies 2  
Cesar Cedeño walked leading off the eighth inning and came all the way home with the tie-breaking run on Bob Watson's long single to right-center off Phil's relief ace Tug McGraw. The Astros added an insurance run on Doug Rader's RBI single.

The Phillies tied the score in the top of the inning on Dave Cash's infield single with the bases loaded but Dick Allen was tagged out to cut the rally short when he overslid second base.

Giants 12, Pirates 4  
Ed Halicki, making his first start since being recalled from the minors, pitched six strong innings and the Giants backed him with a 16-hit attack, including five runs in the third inning. Halicki struck out eight while Von Joshua and Willie Montanez homered.

Padres 5, Cardinals 2  
Dave Winfield drove in three runs with a double and homer and Alan Foster, facing his for-

mer Cardinal teammates for the first time, settled down after falling behind 2-0 in the first inning.

The Cards, who had been shut out on a total of three hits in their last two games, scored twice on four hits in the opening inning before Foster took command.

## Schedule Announced By WFL For Second Season

NEWPORT BEACH, Calif. (AP) — The World Football League unveiled its schedule for the 1975 season Tuesday, a season which many people felt would never come to pass.

After a trouble-plagued inaugural season in 1974 in which league owners suffered multimillion dollar losses, the league underwent a general reorganization for its second campaign, which will begin on Saturday, Aug. 2 following four weeks of exhibitions.

Eleven teams will play a regular season schedule which will last for 20 weeks, ending on Dec. 13.

Unlike last season, when games were played primarily on Wednesday and Thursday nights, the 1975 schedule calls for all Saturday and Sunday games except for one Friday game in August.

Opening day, Saturday, Aug. 2, lists Chicago at Birmingham, Hawaii at Philadelphia, Shreveport at San Antonio and Jacksonville at Memphis. The next day, Portland opens at Southern California.

The league's other franchise, Charlotte, begins play the following week, traveling to Memphis for a game on Saturday, Aug. 9.

**Sign Contracts**

HONOLULU (AP) — Tim Delaney and Tim Boyer signed contracts Tuesday, becoming the first two players for the Hawaiians of the World Football League's 1975 season. Delaney was the WFL's leading pass receiver last year with 89 receptions. Boyer, a wide receiver, was with the Hawaiians most of last season before being released.

## Hospital Dietary Department Prepares 500 Meals Each Day

The thought of having to prepare approximately 450-500 meals a day is staggering to most people. Yet this is just part of the daily routine in the Dietary Department at Murray-Calloway County Hospital. The Dietary Department is under the direction of Anne Flood, Registered Dietitian. Working closely with Mrs. Flood are Roberta Ward, Assistant Director, and Evon Towery and Carrie Story, food service supervisors. The department is staffed by thirty full-time employees, two part-time employees, and three full-time coffee shop employees.

In addition to preparing meals for hospital patients, the Dietary Department also prepares meals for patients in the extended care facility, LPN students, and others. Last year approximately 430 meals a day or a total of 156,997 meals were prepared and served by the Dietary personnel: 125,921 hospital patient meals; 25,443 meals for extended care facility; 3,629 LPN lunches; and 2,017 other meals. These do not include the number of meals served in the hospital coffee shop, which the Dietary Department also operates, or the number of between meal nourishments served in both hospital and ECF.

The quantity of food prepared by the Dietary Department becomes even more astounding when one considers that not only must a variety of foods be prepared for regular diets but also for modified diets.

Patients on a regular diet in the acute hospital choose their meals daily from a selective menu. The menu from, which patients may choose contains at least two meats, three vegetables, two salads, two desserts plus assorted homemade breads and beverages.

The modified diets, such as controlled salt and fat, as well as modified texture such as ground or pureed, are all based on the selective menu. Entrees on the selective menu are prepared according to the restrictions of the various modified diets. This allows patients on a restricted diet to also enjoy a wide variety of foods.

The Dietary Department tries to cook as much like home as much as is possible. No pre-cooked foods or mixes are used in meal preparation. Only top quality fresh, frozen, or canned foods are used and every dish is

"cooked from scratch".

The work of the Dietary Department does not end with meal preparation. Meal trays must be assembled to be sent to the patients. As each tray is prepared each patient's diet is checked again to ensure the food he receives is compatible with his individual preference and diet order. When the trays are prepared, they are placed on the travaytor to go to each floor in the acute hospital. As the trays arrive at each floor, Dietary personnel unload the travaytor and nurse aides distribute the meals to the patients. Trays for patients in the ECF are transported on trucks from the kitchen to the ECF facility.

To better understand what enormous job the Dietary Department has, try to imagine having to prepare three meals a day, 365 days a year for a family of four in a kitchen designed to accommodate a family of two.

Further, imagine the additional problems involved in planning and preparing appetizing and nutritional meals if each member of his family of four is on a modified diet, with its special restrictions such as no salt, no sugar, no fat, or a combination of these. The Dietary Department daily faces a comparable situation. The hospital kitchen has designed to accommodate an 80-bed facility. Murray-Calloway County Hospital presently has a 140-bed complement. According to Mrs. Flood, "We are bulging at the seams in the kitchen." More floor space and more equipment are the big needs of the Dietary Department.

Completion of the proposed hospital building program will help alleviate the need for floor space in the Dietary Department. The plans for the proposed hospital addition call for increased space for the Dietary Department.

The Dietary Department of the Murray-Calloway County Hospital is staffed by 30 full time employees, two part-time and three coffee shop employees. The department prepares approximately 500 meals each day.

## Hollenbach Hoping For 'Citizens Revolt' At Polls On Next Tuesday

LEXINGTON, Ky. (AP) — Jefferson County Judge Todd Hollenbach says he is hoping for a "citizens revolt" at the polls next Tuesday.

Accusing his main opponent for the Democratic gubernatorial nomination, Gov. Julian Carroll, of being backed by "big money" and "big politicians," Hollenbach said Tuesday he has taken his campaign to the people. If he wins, he said it will be a victory for "the little folk, not the big machine."

Hollenbach said Carroll has "perpetuated a fraud" on the people of Kentucky by passing himself off as "governor" when he is the lieutenant governor acting as governor.

Besides assuming the position of incumbent, Hollenbach charged that Carroll has refused to debate or to confront his opponents on the issues, saying there are no issues.

At a news conference in Lexington Tuesday, Hollenbach lambasted Carroll's stand on education.

He said now that his oppo-

nent is a candidate, he is showing concern on education after being indifferent for 14 years.

"When he served in the legislature, there never was a significant piece of education legislation introduced," Hollenbach said.

The Judge said if elected he would use funds returned to the state from the coal severance tax to upgrade education. He said Carroll's plan to use federal revenue sharing funds for that purpose is "irresponsible and unsound."

Hollenbach also said he would prefer to see the current legislation authorizing a severance tax be re-enacted, than to allow counties to levy their own tax on coal.

Carroll has come out in favor of the latter method, the so-called franchise tax.

Hollenbach said he supports "responsible national strip mine legislation, but flexible enough to not put Kentucky in an unfair competitive competition."

He said his chief concern with the federal strip mine bill

passed by Congress but vetoed by the president was the requirement that a strip mined slope be returned to its original contour.

He said the plateau left after strip mining could, with "imaginative state planning," be used as sites for homes or industry.

Hollenbach also said Kentucky's reclamation laws are insufficient, and blamed inadequate reclamation on "administrative interpretation" of what could be done under the law.

### James Campen Chapter Plans Saturday Meet

The Captain James Campen Chapter of the Kentucky Society of Sons of Revolution will meet Saturday, May 24, at noon at the Colonial House Smorgasbord for lunch and a business session.

Anyone interested in membership is invited to attend and for information may call John Nance, president, or Brown Tucker, secretary.

## All Newcomers In The Race For Clerk Of The Court Of Appeals

By GEORGE W. HACKETT  
Associated Press Writer

The four men and one woman seeking the Democratic nomination for clerk of the Court of Appeals share one thing in common: It's the first statewide political race for each.

The same situation prevails in the Republican primary, where Joseph E. Lambert, a Mt. Vernon attorney, is unopposed for the nomination.

Basically, the clerk is responsible for receiving, filing and maintaining records of Kentucky's highest court. The clerk also is empowered to swear in attorneys admitted to practice before Appellate Court.

Here are the Democratic contenders:

**MARTHA LAYNE COLLINS.** A college graduate with eight years' teaching experience, Martha Layne Collins also has been active in the political and governmental process on the local, state and national levels.

She has served as Democratic National Committeewoman, as a delegate to the National Convention, as a member of the Kentucky State Central Executive Committee, and was 6th District chairwoman for Wendell Ford's gubernatorial primary campaign. She lives at Versailles.

Mrs. Collins, now 38, says she is running because it is time the public elect candidates "of excellent moral character, thoroughly qualified, who are willing to make a personal sacrifice to serve the electorate in the manner to which they are

rightfully entitled."

Calling attention to her experience, Mrs. Collins says it has strengthened her belief "that out political and governmental system can serve people like you and me and our children."

**KELLY DAVID THOMPSON.** Kelly David Thompson became familiar with the Court of Appeals' operation in 1974 while serving as law clerk to one of the commissioners.

Before that, Thompson was a trial attorney for the Department University of Kentucky School of Law.

The 27-year-old Bowling Green resident claims the clerk's office has been abused "because politicians have been winning this office who have no qualifications nor desire to help the court."

Thompson says, if elected, he would appoint a media relations people. He also would push for a separate Justice Building to house the court, the clerk's office and the bar association.

**H. D. Bowen** While serving as a lobbyist for the Kentucky Career Employees' Association, H. D. Bowen changes are needed in the Appellate Clerk's job.

Mrs. Collins, now 38, says she is running because it is time the public elect candidates "of excellent moral character, thoroughly qualified, who are willing to make a personal sacrifice to serve the electorate in the manner to which they are

A resident of Frankfort, he attended Morehead State Teachers and Indiana University before entering the insurance field. He also served president and board chairman of International Marketing Corp., a real estate holding company. He currently is executive director of the employees' association.

Bowen claims his background as a business executive would enable him to "give the taxpayers the service they are entitled to in this most important office."

L. E. "Gene" Cline

This is L. E. "Gene" Cline's 12th year as clerk of Carter Circuit Court at Grayson.

Cline, 39, is a past vice president of the County Officials of Kentucky and past president of the Circuit Clerks Association of Kentucky.

After attending Morehead State University and the Kentucky School of Embalming, Cline operated a funeral home in Olive Hill, his hometown, but gave that up when elected circuit clerk.

He says there is only one issue in the race: "I am the only candidate who has the background and experience to merit the vote and support of the electorate."

**Larry T. "Colonel" Freas** He's 28-years-old and the mayor of Franklin but Larry T. "Colonel" Freas thinks it's time for him to make a change.

If elected Appellate Court clerk, Freas promises to run the office in an efficient manner and "streamline office procedures to function in a most informative manner."

Freas, who attended Western Kentucky University, has held a number of offices in the Franklin-Simpson Jaycees and in 1971 was named one of the Outstanding Young Men of America. He also was Franklin city clerk.

As mayor, Freas says he has acquired "much experience in coping with individual and governmental problems on a person-to-person basis."

## Junior Camp Planned Week Of June 23-27

Junior 4-H Camp for boys and girls from Calloway, Marshall, and Graves Counties will be held June 23-27 at the Dawson Springs 4-H Camp, according to Fred L. Gillum, Calloway 4-H Agent.

Features of the camp will be swimming, archery, volleyball, basketball, boating, crafts, etc. Beginning classes will be held for those who cannot swim.

The cost will be \$20 which includes three meals a day, lodging for four nights, and swimming two or three times a day. A trained camp staff will be on hand to supervise and teach all activities and adult leaders will be in the cabins. Transportation and insurance will be paid by the 4-H Council.

The buses will leave the Municipal Parking lot, across from the County Extension Office at nine a. m. on Monday, June 23, and return Friday, June 27, at three p. m. Campers will need sheets and blanket or sleeping bag, clothing, towels, wash clothes, toilet articles, and money for crafts and soft drinks.

Gillum said junior members should complete the form mailed to them and mail it along with a check for one dollar to him at 209 Maple Street, Murray, by Thursday, June 19. The remaining \$19 will be paid the day the group leaves for camp.

## MEMORIAL DAY PAINT 'n Needs

We're your local hardware merchant with national chain buying power. We buy for less, can sell for less. Look at these prices and see. We own the factories that make Tru-Test paint. We save and pass the savings on to you.

**STANDARD LATEX SEMI-GLOSS**  
**7<sup>98</sup>**  
GALLON

For kitchen, bath, woodwork anywhere or any walls that need washing often. Dries in 30 minutes; spills and equipment clean up in soapy water. White only at this price; custom colors higher.

**Ward A**

Two years ago I asked to be elected to the Murray City Council because of my interest in the welfare and sound growth of Murray and its residents. At that time my promise was to be concerned and involved and to carry out my responsibilities to the very best of my ability.

I believe my commitments have been strongly in support of that promise and to ask for re-election on the same promise.

Please seriously consider all Candidates for the council and then select the twelve you feel will be the most effective as a City Council. Each eligible voter can select six candidates from Ward A and six from Ward B regardless of the ward in which you vote. Please vote and I will appreciate your support and confidence.

Ward A - Position 3

## State Preparing Management System For Water Quality Funds

FRANKFORT, Ky. — Kentucky recently received \$130,000 from the U. S. Environmental Protection Agency for water pollution control. But, that's just a drop in the bucket.

Kentucky needs \$4.2 billion in construction funds alone to meet the requirements of the 1972 federal Water Pollution Act, according to officials of the division of water quality in the Kentucky Department for Natural Resources and Environmental Protection.

Congress appropriated about \$65 million for construction of municipal waste treatment facilities in Kentucky during 1975. Between \$90 and \$131 million will be appropriated in 1976. With the huge amount of money already appropriated and the additional amount needed, state water officials are faced with the enormous and urgent task of funneling the federal money to the local governments that need it the most. The task is urgent because any of the money not obligated by the end of the 1967 fiscal year will be redistributed to other states.

For several months, the water quality division has been developing a water quality management system to insure effective distribution of the federal money. The plan will include using the recent \$130,000 grant for a computerized system that will produce readily accessible information that will help determine where the federal funds should go.

For several months, consulting firms hired by the division of water quality have

been studying each of the state's ten river basins to obtain information needed for the water quality management system.

Municipalities are being ranked regionally and then statewide according to their need for federal grants to construct waste water control facilities. Those with the greatest need will receive the federal grants first.

According to Walter Martin, who is coordinating the basin studies for the division of water quality, about 2,000 pages of information will be organized for computerization. Alternatives for controlling water pollution in each river basin will become more readily apparent when the information is organized and reduced.

Martin emphasizes that the division of water quality will not make the final decisions on where the federal funds will go or how they will be used. "The information will be presented to the public and to elected officials of various levels of government," Martin said. "We are concentrating our efforts on gathering information and on reducing that information to a size and format which the ultimate decision makers can use."

Information on the river basins and the ranking of the municipalities within them will be explained at a series of workshops scheduled for early June.

A public hearing on the management system, the information gathered and the priority ranking for the entire state will be held in late June.

In the past few days my opponent, claiming his election would "Keep Honesty and Integrity" in Government, has circulated his own sample ballot. With the apparent use of a broad felt-tipped marker he has not only encircled his own name but also made the effort to cover up my name, EDWARD OVERBEY.

I assure the people of this District that on Election Day, Tuesday, May 27th, the name EDWARD OVERBEY WILL appear on the official ballot in the voting booths in the location the above sample ballot illustrates.

I have always assumed that "Honesty and Integrity in Government" meant the absence of any attempt to sow confusion among the people or mislead or deceive the people. I have said before and I wish to say again that if given the opportunity to serve as your State Representative, I assure each of you who casts your vote in my behalf that I will conduct myself and the office of State Representative in such a manner that you will always be proud to say, "I supported EDWARD OVERBEY."

With Kindest Personal Regards,

*Ed Overbey*

## 'Health Career Day' Held At Local Hospital

As one of the many activities of National Hospital Week, Tuesday, May 13, was designated "Health Career Day" at Murray-Calloway County Hospital and Convalescent Division. Guidance counselors from the area were invited to the hospital to discuss allied health careers with hospital personnel.

A luncheon was held in the Conference Room of the hospital. Following the luncheon, representatives from the various allied health fields discussed their careers, the educational requirements, and job opportunities in the fields. The departments represented were: Social Services, Medical Records, Nursing Service, Clinical Laboratory, Respiratory Therapy, X-Ray, Physical Therapy, Pharmacy, and Dietary.

Hospital personnel and the guidance counselors discussed the need for more trained people in health fields, particularly in the Murray area, and possible ways to encourage more young people to pursue careers in allied health fields.

Later in the afternoon, the guidance counselors were taken on a tour of the hospital. They were given the opportunity to observe the various departments of the hospital at work. They also met and discussed career and job opportunities with representatives of the Housekeeping Department, Maintenance Department, Business Office, Personnel Department, and Purchasing Department.

This "Health Career Day" was viewed as being a very profitable experience by all involved. Many useful ideas and suggestions on the ways the schools and hospital could work together to stimulate interest in health careers came from this meeting.

Guidance counselors attending were: Ben Humphrey, Murray State University; Jim Lawson, Murray Area Vocational School; Mrs. Barker, Murray High School; Mrs. Korb, Calloway County High School; and, Mrs. Brownfield, Murray Middle School.

Club sandwiches are usually made with chicken or turkey but when there's no cooked poultry at hand you can make the sandwiches with sardines. Use the sardines whole and lay over them with crisply cooked strips of bacon, sliced tomatos, lettuce and Russian dressing between slices of toast.

## Combs Support Of Sullivan Causes Confusion

FRANKFORT, Ky. (AP) — Former Gov. Bert Combs has endorsed state Sen. William Sullivan for the Democratic nomination as lieutenant governor, and the move has caused puzzlement among Combs' backers.

Combs, now practicing law in Louisville, served from 1959 to 1963 and lost a comeback attempt in 1971.

Sullivan was not a Combs' supporter during his two periods.

Earlier he was allied with former Gov. A.B. Chandler, a bitter Combs foe, and later with former Gov. Wendell Ford, who defeated Combs four years ago and now is a U.S. senator.

Mrs. Polly Vicars, administrative assistant to Sullivan, said Tuesday she had seen a telegram from Combs stating he personally would vote for Sullivan.

She added that former Govs. Edward T. Breathitt, now living in Washington, and Chandler, of Versailles, also are backing Sullivan.

Reliable Democratic sources confirmed the Combs' endorsement and several expressed dismay at the turn of events.

"We can't figure out why Bert is doing this," one said. "It just doesn't add up."

Sullivan was campaigning in Western Kentucky and could not be reached for comment. He was quoted in his hometown of Henderson a few days ago as claiming Combs' endorsement.

A source close to Gov. Julian Carroll, a Combs ally who is seeking a full term as governor, said Carroll has nothing to do with Combs backing of Sullivan. The governor has insisted he will not endorse any candidate for lieutenant governor.

Combs could not be reached at his Louisville office. When a reporter telephoned for him, a woman, who apparently mistaking his voice, said: "Oh, Senator Sullivan, just a moment. He's in."

The newsman identified himself, a half minute pause ensued, and then Combs' secretary came on the line, saying Combs would be out of the office all week on court business.

There were unconfirmed reports that Sullivan, from the 1st District in Western Kentucky, had been slated with Carroll in some 7th District counties in Eastern Kentucky, where Combs presumably has influence.

This was denied emphatically by a high Democrat close to the situation.

Secretary of State Thelma Stovall, believed by some to be the front runner among 11 lieutenant governor candidates, said she is not concerned about the endorsement.

"But I'm amazed, if it's true," she said. "Never to this day have they ever elected a governor and lieutenant governor from the same district." Carroll is from Paducah, also in the 1st District.

## Kenny Imes did a year ago what other candidates promise to do a year from now!

### House of Representatives Regular Session, 1974

Representative Kenneth C. Imes

filed the following bill for introduction in the House.

An ACT relating to motor usage tax. Be it enacted by the General Assembly of the Commonwealth of Kentucky: KRS 138.450 is amended to read as follows: "Retail Price" for new motor vehicles shall be manufacturer's suggested retail price of the vehicle with all equipment and accessories, standard and optional, and transportation charges; for used motor vehicles it shall be determined by the retail value given in the automotive reference manual prescribed by the department of revenue. In the case of used motor vehicles previously registered in this state, which are sold in this state, and new motor vehicles, a trade-in allowance equal to the value of the vehicle taken in trade as sworn to by the seller not to exceed the fair market value of the vehicle taken in trade as sworn to by the seller not to exceed the fair market value of the vehicle taken in trade shall be deducted in computing the retail price of the vehicle sold...excerpts from House Bill No. 162. Much has been said by other candidates about the trade-in allowance on New Car Sales Tax. House Bill 162, 1974 shows that Rep. Kenneth C. Imes introduced this bill a year ago.

**The bill is now before the Interim Committee on Appropriations and Revenue for discussion and probable passage next Spring**

## Flood Cleanup Begins As A Major Operation

SHELBY GAP, Ky. (AP) — Mrs. Iva Potter started to cry as she looked at the mud-stained trunk on her porch.

"I had two sons killed a couple years back — one in Vietnam, one in a car wreck," she explained. "I've got their clothes and their pictures and letters in there. I'm afraid to open it up and look."

The trunk, along with other belongings and homes of Mrs. Potter and her neighbors and relatives along Shelby Creek in Pike County were damaged or destroyed by weekend floods. Some 250 homes were damaged and two men killed.

"Our children lost all their shoes," Mrs. Potter said, as she flopped around in an oversized pair given her by a friend. "One of my boys had to pull a pair out of the mud, wash them off and wear them. They've got holes in them now, they're no good."

A few hundred feet away, Mrs. Potter's brother-in-law, Harrison Newsome, 63, has to

use a makeshift plank bridge to get to his house.

Newsome and his wife, Edna, get \$11 a month from Social Security, but he said that won't make up for the loss of their garden and 15 bushels of potatoes.

"If I was just in shape (financially), I'd tear this (house) down and get me a little trailer," he said. "But I've got no money to do nothing with. I'll just have to make do the best I can."

One of Newsome's sons, George, and his wife weren't even that lucky. The flood destroyed the frame of their two-room house, and three feet of mud ruined nearly all their clothing and furniture.

Pointing to a television set, oven and refrigerator, George Newsome said, "You're looking at \$600 worth of equipment that's ruined, and now I don't have money for nails to start rebuilding this place."

He said he lost a \$15-a-day job at a coal mine when the mine closed because of the flood.

It could have been worse, though. Neighbors are helping out some, and the family is still together.

"We're hurting together," Harrison Newsome said, "but we're together."

### Whitehead Says Any Racial Imbalance Easy To Correct

PADUCAH, Ky. (AP) — The U.S. Dept. of Health, Education and Welfare (HEW) says there may be racial imbalance in the Paducah Independent School System. Supt. David Whitehead says if there is, it will be easy to correct.

HEW asked the system Friday to explain why the Cooper-Whiteside school has a black enrollment 3 per cent above HEW guidelines. The school has 48.65 per cent black enrollment, compared to 25.58 per cent blacks in the whole system. HEW allows a 20 per cent leeway.

Whitehead said a report will be prepared by the school board's attorney, and said if imbalance is found, the remedy will be easy.

"It could be done without any real upset of anybody," Whitehead said. "Students could be transferred to a school or schools as close to their homes as the one (Cooper-Whiteside Elementary) which is in question now."

"We do not expect to bus children back and forth across attendance area lines to create racial balance," he said.
